ABOUT US

At How to ABA, we help ABA professionals feel supported and confident by providing easy to access printables, CEU's and programs so you can master what you love!

Shayna and Shira are both BCBA's who are passionate about spreading the positivity of Applied Behaviour Analysis! We know how busy life can get and how overwhelming it can be to take care of ourselves and the families we service. There is no need to reinvent the wheel with each new client - we've been there! Let us hold the light to help guide you along the way!

As BCBA's, the quality of our services depends on the quality of the supervision and training that we receive and provide. But we also realize that providing quality supervision requires a lot of time and energy.

So we've developed this supervision resource with YOU in mind! These resources will take you step-by-step through the supervision process - from a preliminary self-assessment to meeting agendas and more!

Together we can raise the level of supervision and make this field as great as we know it can be!

Thank you so much for all of these resources and programs. I have saved so much time on program development
